Dear Mr. Chapman,

I am enclosing a check for six dollars to cover charges for a search for the marriage record of Joseph Tiller and Priscilla Ledbetter.

You asked if I am sure Joseph came direct from England - The only evidence I have is a letter written some years ago to my Mother by Joseph's great grandson in which he states that Joseph was an emigrant from England - That he came first to Virginia where he married Priscilla Led-

better and later removed to Kershaw Co, S.C. Of the several children born to them the only one I know was James born in 1771 – whether he was the eldest I do not know.

Anything you may find concerning either Joseph or his wife in establishing their parentage I shall greatly appreciate. It is quite possible that it was Joseph's parents and not he, who emigrated –

Thank you for your courtesy.

Sincerely
Elizabeth C. Taubman
